AUGUST HIGHLIGHTS

LITERACY:

August was a fun welcome back to school after our Winter vacations. In August, we focused on letters S, T, U, V and W. We learned many new vocabulary words and got familiar with writing and identifying each letter. We also practiced writing new words!

We learned more about winter and transportation. We focused on different types of weather and the seasons. We learned about all kinds of modes of transportation... boats, cars, buses and airplanes! We are planning to visit the Fire Station later this month to end our lesson on transportation!

MATH:

This month in math we learned more about the numbers 7,8,9 and 10... we liked 10 the most! Throughout August we have worked hard at recognizing numbers 1-10 and putting them in order as well as writing each number. Playgroup and Foundation have done an excellent job identifying and writing their numbers.

SCIENCE / CRAFTS:

Science has been a real blast this month! Playgroup and Foundation experimented with a volcano and we learned about what happens when water is frozen. We made so many crafts, our favorites were the airplanes, caterpillars and trains. We have also been exploring how we can use recycled materials to make cool crafts.

UP NEXT MONTH...

LITERACY

Letter X, Y and Z

Chilean Heritage

Roald Dahl Week

MATH

Review of numbers 1, 2 and 3

Identifying and writing numbers

CELEBRATIONS
