

# AUGUST HIGHLIGHTS

YEAR 2

CLASSROOM NEWS

AUGUST, 2019

## ENGLISH

- Long vowel sound oa, or , ee , ai , ie.
- Learned about compound words.
- Sentence formation by using the long vowel sound words and compound words.
- Poems of significant poets with comprehension : Reading and reciting poems, finding the rhyming words, their meaning and its layout.

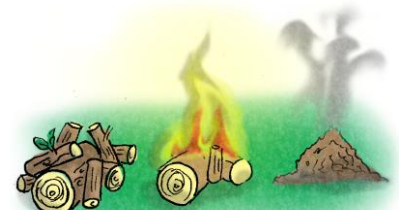

## MATH

- Two digit subtraction without regrouping.
- Word problems on subtraction.
- Rounding number to the nearest ten.
- Measurement:  
Knowing their height by using measuring tape was a fun activity.

## SCIENCE

### **Topic of the month: Changing Materials**

In this unit we learnt about materials. We experimented how the shape of a material can be changed by squashing, bending, twisting, and/or stretching. We also discovered how materials can have irreversible and reversible changes.

## SOCIAL STUDIES

### **Topic of the month: Location of hot and cold areas of the world**

In this unit we learnt about the Earth's rotation, revolution and its axis. It was fun learning about these concepts and discussing why we have different seasons!
