

YEAR 6

CLASSROOM

NEWS

SEPTEMBER HIGHLIGHTS

ENGLISH

During our English lessons we read and discussed a variety of poems. We learned about the elements of poetry and wrote our own poems about nature and grandparents for Intergenerational day.

MATH

We explored how statistics are used in everyday life. We also learned to solve problems by representing, extracting and interpreting data using graphs and charts.

SCIENCE

In Science, we investigated materials that are good conductors. We predicted and tested the effects of making changes to electrical circuits.

SOCIAL STUDIES

In Social Studies, we discovered the different regions of Chile. We analyzed the map and located each region. We also learned about the natural resources found in Chile.

UP NEXT MONTH
