

YEAR 6

CLASSROOM

NEWS

OCTOBER HIGHLIGHTS

SCIENCE

We investigated about the positive and negative ways that humans can impact on environment. Each member of the class presented their individual research about a national park.

SOCIAL STUDIES

We learned about migration and the refugee crisis which has happened across the world.

UP NEXT MONTH

SCIENCE & SOCIAL STUDIES

- Mass and weight
- Reasons for migration
- Push and pull factors

ENGLISH

- Non chronological reports
- Techniques and features

MATH

- Measures and problem solving

ENGLISH

The class analysed a variety of short stories by different authors where time played a significant role including flashbacks, time slip stories, etc.

MATH

We learned to count on and back in decimals. We practiced addition and subtraction of decimals and rounded to the nearest tenths and hundredths with the knowledge of place values. We practiced multiplication and division as well.
